**How I Got Rid of Burning Feet**

And Pains from Corns and Bunions Without Soaking, Powders, Plasters, Etc., After Suffering Indescribable Foot Misery for 20 Years.

Prof. F. T. McIntyre, well known world tourist and lecturer, says: "For years I was compelled to wear shoes two sizes too large, to be able to walk with any comfort at all. I tried soaking my feet in medicated baths, powders, plasters and foot-treatments galore, but the burning callouses and soreness refused to go, while the pains from corns and bunions continued to torture both mind and body, which upset my entire nervous system. One day, very fortunately, I met a lady from Egypt who gave me a little box of Gypsy Foot Relief, which she said was a secret from the desert. After using it a short time, the awful burning stopped, the callouses came off in chunks, leaving the skin of my feet clean and smooth, while the pains from corns and bunions seemed to disappear as if by magic. From that time, I said a joyful goodbye to over 20 years of indescribable foot misery. I would not take a hundred thousand dollars to again go through those years of agony. Now I tell liketelling every foot sufferer to get a box of the wonderful Gypsy Foot Relief."

Note.—Gypsy Foot Relief, referred to by Mr. McIntyre, may be applied in a minute, without fuss or bother. Sure, quick relief comes three minutes later, or the makers give back the small amount you pay. It is sold in this city by G. G. Engler, H. M. Lerou, Andrew McLaughlin and Chas. Osgood Co.
